

SHARE THE CONNECTION PRAYER DAY

Looking vs Seeing

May 4, 2019

ASSOCIATES & SISTERS

9:30 AM – 2:30 PM ROOM #227 2ND FLOOR ICA HALL

BRING A GUEST WHO IS NOT AN ASSOCIATE OR SISTER

Everything has beauty, but not everyone sees it. **Confucius**

The concept of “looking versus seeing” is very similar to the concept of listening versus hearing. *Just as hearing is not something that just occurs, seeing is not something that just happens. A conscious decision must be made.* *Julianne McKnight (Australian Life Coach)*

Join Jane and Carolyn as we work on the skill of seeing. What have you missed in life by looking and failing to see?

When we actively see, we are able to more passionately live in rhythm with our environment, nature, family and other loved ones. We recall better at the end of each day and are blessed with greater appreciation of all that is around us and within us.

“Look” at the Picture Below – What animal do you “See”

Please bring a side dish or dessert to share. Warm ham & Turkey sandwiches, and beverages will be provided.
